CERTIFICATE OF COMPLETION

June 30, 2019

This is to certify that Kuang-Chen Lu of Indiana University attended the 2019 Oregon Programming Language Summer School: Foundations of Probabilistic Programming and Security held in Eugene Oregon on the University of Oregon campus from June 17-29, 2019. The topics were:

Session-Typed Concurrent Programming — Frank Pfenning
Coalgebraic Semantics — Alexandra Silva
Security-Typed Languages — Andrew Myers
Practical Foundations for Programming Languages — Robert Harper
Resource Analysis — Jan Hoffmann
Secure Compilation — Amal Ahmed
Empowering Spreadsheet Users with Probabilistic Programming — Andrew Gordon
Smart Declarative Contracts — Fritz Henglein
Verifying Low-level Code for Security and Correctness Properties using F* — Nikhil Swamy
Probabilistic programming: Bayesian Nonparametrics and Semantics — Samuel Staton
